Is Genesis History? is a documentary series that reveals how science intersects with the Bible. Join scientists and scholars as they explore the evidence for creation in six normal days, a real Adam and Eve, a global Flood, a tower of Babel, plus hundreds of other fascinating aspects of God's creation. Dr. Del Tackett serves as your guide in this amazing series that has impacted millions of

people worldwide. **Five 1 hour sessions. April 11, 18, 25, May 2, 9.**

**Adult Sunday School
9:20-10:20 AM**

While in the season of Easter, we are going to better learn the lectionary assigned for this time of the Church Year. Join us as we take a closer look at the Propers (i.e. – Gospel, Epistle, OT Readings, Collects, & Graduals). We will compare readings and develop a better understanding for the theme of each assigned Sunday lectionary. Bring your bulletins!
